The background of the entire page is a stylized illustration. At the top, the word 'CONSTELLATION' is written in a large, bold, sans-serif font. Below it, '2019 HITCHHIKER'S GUIDE' is written in a smaller, similar font. The illustration features a dark, silhouetted mountain range with evergreen trees in the foreground. Above the mountains, a large planet with horizontal bands is visible on the left. The sky is filled with various constellations, represented by lines connecting stars of different sizes. Some stars are depicted as small circles, while others are larger and more prominent.

WHAT IS CONSTELLATION?

Constellation is a new regional Burning Man Event to be held early Fall at Pegasus Campground in Elkins, West Virginia, run by FirePony Creative Society. Constellation is an experiment in collaborative community featuring art and music created by those who join us to participate. Attendees are known as participants. There are no spectators at Constellation Burn; everyone collaborates in some way to create the event. Inspired by the Burning Man festival, it is a place for radical self-expression and an experiment in temporary community building. It is a place of acceptance, inclusivity, and respect. It is organized entirely by volunteers. Art and entertainment are created solely by participants. There are no concession stands. No cash transactions (except ice sales and in & out passes) are permitted at Constellation; even bartering is discouraged.

This is a sincere experiment in creating a gift economy. It is expected everyone contributes to the community in some meaningful way and gives as much as they receive. There are many ways to give; do not limit yourself to material gifts.. If you need something, ask for it. If you have it, gift it! Constellation is a blank canvas; expect nothing ... bring everything.

CONSTELLATION CODE OF CONDUCT

While we strive to keep the number of hard and fast rules that we have to a minimum, certain types of behavior serve only to harm other participants or the event itself. Radical inclusion means that strangers are welcome to participate in our community; it does not mean tolerance of harmful behaviors. This document identifies behaviors and actions that will not be tolerated at Playa del Fuego, Constellation or other events sponsored by FirePony Creative Society.

A copy of the FPCS Code of Conduct will be on-site for FirePony Creative Society sponsored events in the Ranger and First Aid notebooks or other relevant locations. In addition, participants of any FirePony Creative Society-sponsored events are expected to comply with all federal, state, and local laws. (The terms herein are used in a commonsense manner and not necessarily as legal terms of art.)

Participants may report any incident in which another participant is behaving in an abusive, intimidating, threatening, or unsafe manner. Physical hazards, such as unsafe art installations or fires, should be referred to Rangers.

The following types of behavior are unacceptable at FirePony Creative Society-sponsored events, including, but not limited to, Playa del Fuego and Constellation:

- **Consent violations**, especially of an aggressive or sexual nature. This includes any kind of non-consensual physical contact with the body of another, regardless of claimed intent. This section also includes non-consensual intoxication (i.e. putting a drug into someone's drink without their knowledge). The severity of response will depend on the type of conduct and the circumstances. FirePony Creative Society takes consent violations very seriously. If you aren't sure, ask, and make sure you have enthusiastic consent!
- **Stalking/Harassment**. If someone asks you to leave them alone, do not continue to engage with them or follow them around. Verbal assaults, especially of a continued, aggressive, and/or sexual nature are harassment.
- **Hate Speech**. Anything that consists of an incitement to hatred primarily against a group of people defined in terms of race, ethnicity, national origin, gender, religion, or sexual orientation.
- **Endangering others**. Do not do things that will put others in serious danger or bring prohibited items (such as fireworks not authorized by the fire team) to an event. While we all accept that attending events like Constellation presents risks, disregard-

ing basic safety rules is not acceptable. An example would be spinning fire without a safety after being reminded not to do so.

- **Entering the event without invitation**. All participants, volunteers, Board Members, landowners, etc. gain entry to our events by purchasing tickets, or as a vendor under contract with FirePony Creative Society. Any other entry will be considered trespassing.
- **Destruction, using, or taking of property**. If it is not yours, leave it alone, unless you have the consent of the owner of the property. Consent may be implied where there is a clear intent to "gift" items, but if in doubt, verbal confirmation is encouraged. This section includes theft, deliberate destruction of property, and vandalism.
- **Incidents Occurring Previously, or Outside of FirePony Creative Society-sponsored Events**. The Board may consider the following in relation to the ability to participate in future events: patterns of behavior (including stalking or harassment), history of prior misconduct, alleged criminal acts, or violations of these policies (or similar policies at other events), and criminal charges or protective orders that have been filed against the participant when they come to our attention.
- The most severe penalty our community can impose on a participant for such behavior is **ejection from the event or a suspension from participation** in one or more future FirePony Creative Society-sponsored events (such as Playa del Fuego and Constellation). Other actions, such as a warning or a removal from volunteering in a safety-sensitive volunteer position, are also possible. (Obviously, the legal system may impose other sanctions for some actions.)

Nothing herein is intended to or shall waive the right of the Board of Directors of FirePony Creative Society to restrict the access to FirePony Creative Society events of an individual or entity as it may determine, in its sole discretion, is warranted.

DO YOU KNOW WHERE YOUR TOWEL IS?

Lessons in Really Radical Self-Reliance

Constellation is an exercise in **radical self-reliance**. Bring everything you will need. Gifts are a wonderful expression of community, but you must take responsibility for your own survival and well-being. Do not show up expecting the community to take care of you. We have dedicated volunteers at first aid, but they are an emergency resource only. Don't rely on them for basic stuff. *Prepare now so you can relax later!*

RANGERS ARE HERE TO HELP

Rangers are not cops or your mom, but they help ensure that everyone's having the best burn possible. Rangers do their thing via the FLAME method: Find Out, Listen, Analyze, Mediate, Explain. You don't need to be a Ranger to do this yourself! If something or someone is bothering you, try to talk to that person calmly and work it out. If something doesn't seem right, ask about it; Find Out what's going on. You may discover it's not really a problem. Or you discover that it is, you can make a request for change or explain some of our community guidelines.

If something is more intense or complicated than a minor disagreement, or if you need help from an outside resource, find a Ranger (look for folks with walkie talkies). If you don't see one nearby, head over to Center Camp and find Ranger Headquarters (behind Command Module) and the Ranger Base Radio. There are instructions posted near the radio on how to turn it on and call for an available Ranger to meet you at Command Module. We are ready and waiting to help you have an awesome Constellation!

WOULD YOU LIKE TO KNOW MORE? Ranger Meet & Greets are held at 7pm Thursday and Friday.

RULES & POLICIES

Breaking rules has consequences. These may include being ejected from the event and/or being unable to attend future events. See constellationburn.org for the complete, up-to-date list of rules and policies.

Illegal Activity

Please abide by all relevant local, state, and federal laws. Constellation does not condone ANY illegal activity and will cooperate with all local, county, state, and federal officials.

Drinking and Driving

Any ticket holder found driving while intoxicated/under the influence may be banned from the event for no less than one year and possibly for life. The BOD reserves the right to ban participants suspected of altered driving based on concerns raised by members of the community. A motorized vehicle is defined as a non-human powered vehicle and includes cars, RVs, buses, art cars, tractors, go-karts, golf carts, scooters, and similar devices.

IN & OUT

Wristbands

Everyone is required to wear wristbands. Anyone found without a wristband will be ejected. Replacements can be acquired at the Front gate during ticketing hours. If someone asks to see your wristband, please show it. Gate crashers will be ejected.

Scalped and Counterfeit Tickets

Scalped and counterfeit tickets violate core principles of our event and are not tolerated. These tickets are void and will not be accepted for admittance or exchanged for a wristband. Wristbands obtained with scalped or counterfeit tickets or in any other nefarious manner will be voided and the wearer ejected.

Early Entry

Early entry (before noon Thursday) is available for those helping with city setup, and for artist who require additional time to build their art. Everyone entering early must be pre-registered to do so. Early entry coordinators will manage the list of volunteers and help direct setup on site. Early volunteers must agree to follow the direction of the early entry coordinator and/or departmental coordinators.

Re-Entry

Driving in-and-out is strongly discouraged during the event. In-and-out passes are \$20 each, and

can be purchased at constellationburn.org for pickup at Camp Recharge (you can purchase passes onsite at this location too).

Offloading and Parking

Do not park in roadways or paths. Once you unload gear and park, your vehicle must stay where it is parked until you leave the event. Every vehicle entering the site requires a car pass, which cost \$20 and must be pre-purchased through the ticketing system. The only exception is if you have applied for and received an RV Permit (more info below).

On-Site Parking Permits

On-site vehicle permits (either car camping or RV) are available on a first-come, first-serve basis, determined via pre-registration with our City Planning team. Permits may also be available for Theme Camping on-site parking, which must be requested from our City Planning team. These permits must be displayed at all times. Sleeping in your car in the parking lot is strictly prohibited.

Off-Limit Areas

There are several areas at Pegasus campground that are off-limits, most notably the owner's home. Other off-limits areas exist and will be marked. If there is a question about a particular area, contact a ranger for clarification. In general, use good judgment. If you disrespect off-limit areas, Constellation is not responsible for what happens to you. At a minimum, you will be forced to leave.

SOUND POLICY

This sound policy was created to ensure the greatest amount of creative freedom while maintaining happy neighbors inside and outside the event and also creating a collaboratively supportive event environment. See the full language at constellationburn.org

- Amplified sound shall be permitted between the hours of 10:00 am and 2:00 am.
- From 2:00 - 10:00 a.m., all subwoofers (any device capable of emitting sound below 100 HZ) shall be turned off and the sound shall be no louder than 70 db at a distance of 50' from the source of the sound, or at the property line if said property line is closer than 50' to the source.

- All Sound Camps agree to have a representative who will meet with at least one representative from the Theme Camp Placement, City Planning and Sound Departments prior to the event (generally during pre-event construction) to determine and set appropriate sound levels for their camp as well as the direction of their speaker setup, and each day during the event to review any issues from the night before if required. These meetings will be determined on-site by the participating parties.
- All camps will adhere to the sound levels so-established, with violators being subject to being shut down for the duration of the event.
- Constellation recommends the use of limiters or similar equipment to help manage Sound Camp sound levels. We also encourage the use of personal decibel meters for Sound Camps to random sample their own sound levels. No two camps are guaranteed the same levels for their sound; comparisons should not be drawn from camp to camp.

PHOTOGRAPHY & VIDEO

Individuals retain legal rights to the use of their images, and the use of any media for commercial purposes is strictly forbidden without the express written permission of Playa del Fuego, Inc. and any subjects of the photographs and video. Contact the BOD for more information.

- Photographers may not photograph anyone who requests not to be photographed, and must destroy any existing images at the subject's request, even if prior consent had been granted.

brought to you by the pan-galactic ad council

- It is prohibited to take pictures in a camp or of a person that has posted a "No Photos" sign, or at an event where a "no photos" policy has been announced.
- We expect photographers to be open about their activities. If someone is seen trying to hide that they are taking pictures, malicious intent may be assumed.
- Photographers: obtain permission to take pictures of individuals. This permission would ideally be obtained beforehand. However, if a great candid shot presents itself, a digital photographer may choose to "shoot first," and ask permission afterwards. He/she is still obligated to erase the picture if the subject does not approve.
- A photographer may take a picture of groups of people, or of artwork with people nearby, in a public area that has no specific prohibition against it, without asking permission of all the people that incidentally appear in the shot. However, it is expected that the photographer will exercise judgment about the content of their photographs, and will obtain consent whenever practical.
- If a photographer is perceived to be violating these rules, guidelines, or the community trust, they may be confronted by any member of the community. If the problem cannot be resolved, ask a Ranger to help mediate. Anyone violating Constellation rules or interfering with other's safety and enjoyment of the event may be evicted. Despite the Constellation photography policy, Constellation cannot be held responsible if a photo of you appears in public.

MINORS & CHILDREN

For the protection of minor children (anyone under age 18) and in accordance with WV law, any minor attending this event must be accompanied by someone with legal authority to make decisions for the minor or child.

- You are responsible for the care, supervision, and well-being of the minor AT ALL TIMES. The accompanying guardian must have signed an event waiver of liability for the minor (see website for details).
- There may be activities that are not suitable for children or behavior that you may not wish your children to see. Do not expect anyone to censor their behavior because children are present.
- Inability to care for the minors you bring to the event can result in ejection. Unacceptable behavior of a minor under your supervision (examples: underage drinking, vandalism, theft) can also result in ejection.
- For legal and safety reasons, minors may not ranger nor be responsible for checking IDs at gate. Coordinators/shift leads have the right to remove unsupervised minors from tasks or shifts at their discretion.

FIRE & POWER

Fireworks

Do not bring fireworks. As part of our event stipulations with landowner the use of ANY pyrotechnics that are not part of a pre-registered and approved art project is forbidden and may result in steep fines, arrest, and possible ejection from the event.

Fire Lanterns

Fire lanterns (aka Chinese fire lanterns or sky lanterns) are prohibited. They are flying, flaming MOOP whose trajectory can't be controlled or predicted.

Fire Performance

All fire is prohibited inside or under any of the structures, including fire performance (like fire spinning and breathing, etc.) as well as burn barrels and LP effects. Fire performances are to be done with a "safety"; in a clearing, away from personal property and other people. No more than two performers for any one Safety, minimum. No fire performances under any overhead wires. Props are to be spun off away from others or their property. In all cases, fuel dumps should be secured and away from all open flames. during Burn should contact Conclave before the event, or sign up at Command Module before 1pm on Friday.

Open Flame

No fire barrels or open fire shall be left unattended. This includes candles, torches or any open flame. At least one camp member must be within visual distance at all times. If found unattended while lit, open flames may be extinguished if there is sufficient hazard; extinguish open fire at the request of any Ranger or FRT personnel. Burn barrels shall be secure and constructed in a way that the bottom surface is at least 6" from the ground to prevent damage to the ground.

Firewood

Firewood is provided. Please do not bring your own. It is illegal to transport firewood (including brush and driftwood) into and out of West Virginia; the state is under quarantine for invasive species.

On the entire event grounds, all liquid fuels such as gasoline and diesel that are stored in camp must be kept at least 30' away from any flame, ignition, or radiant heat. Any camps or installations housing fuels shall be required to keep an extinguisher and dousing water within reach of their fuel storage and assure safe operation of any fire within their camp/installation.

Pressurized Gas Art/ Poofers

All Pressurized Gas Art installations are to be inspected before ignition. The Installation Artist shall assist the Fire Safety Team with checking all operational parts, placement and usage limitations of the installation piece. Once cleared ignition can begin. From transport onto the property until exodus, the Installation Artist shall retain all responsibility of the equipment, fuel, and operation of the Art.

Burnable Art

If you plan on bringing art that you want to burn you must contact the Burning Art Coordinator in

advance for approval and coordination. There is no guarantee that your art will burn. Plan other creative ways to destroy your art (you must still pack out your MOOP). Don't ever throw toxic or dangerous things into any fire.

Generators

Generators are a fire hazard and must be attended at all times when running, as well as boxed to minimize their polluting effects. If a generator must be used, it should be sited in such a way to minimize its effect on neighbors and the community.

LEAVE NO TRACE (LNT)

LNT is an important but simple principle of our community. The goal is leave things in better condition than we found them and not leave problems for others to deal with. That means no ground burn scars, no trash (cigarette butts, poop, feathers, sofas, bacon grease, beer cans, glitter, or sequins) and no altering or destroying trees or existing structures.

Porta Potties

If it wasn't made by your body, don't put it in the potty. Biowaste and one-ply toilet paper only. "Flushable" baby wipes, tampons, pads, food, beer bottles, etc. are MOOP. They clog the pottie and may result in our potties not getting emptied on schedule. Do not abandon your trash on the floor or bench of a potty. Pack it out with you. *Wash your hands, illness spreads fast!*

Garbage

You must carry out out your trash. Burn barrels are not trash cans and there are no public trash cans at this event. You are responsible for all the trash you create. Don't ask someone if they have a trash can. They don't.

Ash Dump

Spent ashes must go in the ash dump. Ask a Ranger, DPW, or smartie-pants where it is. Extinguish your fires with enough time for them to cool during your pack out.

Recycling

Like trash, you must pack out recycling. You can drop it off at one of the recycling centers in town or bring it home for your local pickup.

Gray Water (spent water from washing, cooking, etc)

Do not dispose of any gray water within 100 feet of the stream or other surface water. **Do NOT put it in the portajohns!** All water should be completely strained to remove particulate matter (try a mesh colander). Strained, non greasy gray water can be spread on the ground 100 feet or more from the stream or other surface water. There are sinks on-site for washing dishes, but remove grease and matter before using them to prevent clogs and harm to the system. For significant grey water, prepare an LNT plan to carry it out.

Pools

Pools filled with liquid are only allowed in personal or theme camp areas. They can not be placed in communal areas. All gray water must be dealt with appropriately and in accordance to event policy. Do not dump it out on the ground. If you don't know where an appropriate spot is, it is YOUR responsibility to find out. All filled pools must be either attended by an adult or barricaded at all other times.

ODDS 'N ENDS

No Nudity Within Sight of Gate

If you can see the road or the "outside world" make sure you are covered.

Vending/Gifting/Bartering/Theft

Vending of any kind is not allowed. This includes promotion of other events. Bartering is discouraged. Gifting is not to be confused with bartering. A gift is offered freely without expectation of an exchange. Taking something because you want it is still theft.

Animals

Pets and other animals are prohibited, with the exception of service animals.

Art Cars

Art cars are permitted on site but must be pre-registered! Direct questions to ops@constellationburn.org.

Showers

There is a shower house at Pegasus Farm Campground that will be available for use by participants from 9am- 9pm. Keep it clean, and go easy on the hot water! Our event is inclusive to all genders and sexual orientations, and that includes the showers. Deal. If someone is making you uncomfortable in the showers, discuss it with them or ask a ranger for assistance. ☼

FIRST AID IS HERE TO HELP

Sometimes people get banged up, or sick, or dehydrated, and it's too much for Radical Self-Reliance or Civic Responsibility to handle. That's where First Aid comes in. First Aid is equipped to handle minor injuries and can also provide more advanced care when necessary, but is NOT responsible for providing more serious medical treatment. One volunteer on every shift must have a current CPR certification. Training in both CPR and First Aid is preferred.

Want to volunteer at First Aid? Come by Command Module.

CONSTELLATION COMMUNITY PRINCIPLES

SELF-EXPRESSION

Our events foster an environment of creative self-expression, where participants feel supported to honestly express their inner selves through artistic creation, performance, and in their social interactions.

SELF-ORGANIZATION

Our events foster an environment of self-organization. The event is 100% volunteer run. No one gets comp tickets. Everyone is invited to play. Everyone is invited to work.

ACCOUNTABILITY

Our events foster an environment of personal accountability, where we hold ourselves responsible for our

own actions and take personal responsibility for meeting our own needs, for the event itself, and for the event's impact on the world at large.

COOPERATION

Our events foster an environment of cooperation, where participants work together to resolve potential conflicts respectfully, to help mediate conflicts between others, and to create art, performance, and social space on a larger scale than one person could alone. Additionally, participants seek to keep events sustainable by volunteering, cleaning up after themselves, and assuming personal responsibility for conducting themselves in accordance with local, state, and federal laws.

RESPECT & CONSENT

Constellation is an experiment in community, ad-hocracy, and do-ocracy. Respect is fundamental to this community. Please respect yourself, other participants, and our hosts. Participants can be held liable for endangering or injuring other participants or their property. Please plan all projects and activities accordingly and use common sense.

Self-Expression and **Cooperation** require a social contract to make our event a safe place to play. These rules apply to everyone regardless of their gender or sexual orientation. Remember that not everyone wants your attention so be courteous and always ask for **consent**.

What do we mean by consent? Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon activity. The consent has to be ongoing throughout any encounter. While consent is generally spoken about in terms of sexual activity, it extends beyond this at Constellation. We apply the same guidelines to taking pictures of others, hugging, entering a camp's private space, etc. While we strive to make Constellation a safe place for everyone, assumptions can be made (sometimes from those who have never been to a Burn before) about what is acceptable and what is not. The following is Constellation's stance on consent and "best practices" for protecting yourself and others.

1. NO always means NO. Only YES means YES. Get an enthusiastic YES before proceeding with anything that might infringe on someone else's boundaries. After someone has said NO, cajoling, pleading, or any form of emotional blackmail is UNACCEPTABLE.
2. YES can turn into a NO at any time and that needs to be respected. You or the other person don't have to go along with something, even if it was previous-

ly agreed on. If you change your mind you should speak up, and if someone else changes their mind you should act in accordance with that new boundary.

3. Before you assume someone wants your physical attentions, ASK. Being direct is OK. This includes anything from hugs, spankings, kissing, etc. Some people do not want to be touched, and that should be respected. Asking is expected protocol, and sexier than you might think. Not respecting these boundaries can be considered sexual assault, and will not be tolerated at the event.
4. Respect the moment. Comfort levels vary at different times and with different people. Even if a person seems comfortable with one person touching them does not mean they are ok with everyone touching them.
5. If you're not sure if what you're about to do is ok, either where you are, or who you are with, ask. Not everything is a good idea everywhere.
6. Being under the influence is not an excuse for infringing on others boundaries. Consider your level of sobriety. Are you able to ask permission and respect others' boundaries? Consider the other person's level of sobriety. Are they able to give consent? TIP: You can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

THE 10 PRINCIPLES OF BURNING MAN

RADICAL INCLUSION

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

GIFTING

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

DE(COMMODIFICATION)

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

RADICAL SELF-RELIANCE

Burning Man encourages the individual to discover, exercise, and rely on his or her inner resources.

RADICAL SELF-EXPRESSION

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

COMMUNAL EFFORT

Our community values creative cooperation and collaboration. We strive to produce, promote, and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

CIVIC RESPONSIBILITY

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state, and federal laws.

LEAVING NO TRACE

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

PARTICIPATION

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

IMMEDIACY

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.
