# CONSTELLATION

Pegasus Farm Campground  
480 Arnold Hill Road  
Elkins, WV 26241

## WHAT IS CONSTELLATION?

Constellation is a new regional Burning Man Event to be held early Fall at Pegasus Campground in Elkins, West Virginia, run by FirePony Creative Society. Constellation is an experiment in collaborative community featuring art and music created by those who join us to participate. Attendees are known as participants. There are no spectators at Constellation Burn; everyone collaborates in some way to create the event. Inspired by the Burning Man festival, it is a place for radical self-expression and an experiment in temporary community building. It is a place of acceptance, inclusivity, and respect. It is organized entirely by volunteers. Art and entertainment are created solely by participants. There are no concession stands. No cash transactions (except ice sales and in & out passes) are permitted at Constellation; even bartering is discouraged.

This is a sincere experiment in creating a gift economy. It is expected everyone contributes to the community in some meaningful way and gives as much as they receive. There are many ways to give; do not limit yourself to material gifts. If you need something, ask for it. If you have it, gift it! Constellation is a blank canvas; expect nothing... bring everything.

## CONSTELLATION CODE OF CONDUCT

While we strive to keep the number of hard and fast rules that we have to a minimum, certain types of behavior serve only to harm other participants or the event itself. Radical inclusion means that strangers are welcome to participate in our community; it does not mean tolerance of harmful behaviors. This document identifies behaviors and actions that will not be tolerated at Playa del Fuego, Constellation or other events sponsored by FirePony Creative Society.

A copy of the FPCS Code of Conduct will be on-site for FirePony Creative Society sponsored events in the Ranger and First Aid notebooks or other relevant locations. In addition, participants of any FirePony Creative Society-sponsored events are expected to comply with all federal, state, and local laws. (The terms herein are used in a commonsense manner and not necessarily as legal terms of art)

Participants may report any incident in which another participant is behaving in an abusive, intimidating, threatening, or unsafe manner. Physical hazards, such as unsafe art installations or fires, should be referred to Rangers.

The following types of behavior are unacceptable at FirePony Creative Society-sponsored events, including, but not limited to, Playa del Fuego and Constellation:

- **Consent violations**, especially of an aggressive or sexual nature. This includes any kind of non-consensual physical contact with the body of another, regardless of claimed intent. This section also includes non-consensual intoxication (i.e. putting a drug into someone's drink without their knowledge). The severity of response will depend on the type of conduct and the circumstances. FirePony Creative Society takes consent violations very seriously. If you aren't sure, ask, and make sure you have enthusiastic consent!
- **Stalking/Harassment**. If someone asks you to leave them alone, do not continue to engage with them or follow them around. Verbal assaults, especially of a continued, aggressive, and/or sexual nature are harassment.
- **Hate Speech**. Anything that consists of an incitement to hatred primarily against a group of people defined in terms of race, ethnicity, national origin, gender, religion, or sexual orientation.
- **Endangering others**. Do not do things that will put others in serious danger or bring prohibited items (such as fireworks not authorized by the fire team) to an event. While we all accept that attending events like Constellation presents risks, disregard-

ing basic safety rules is not acceptable. An example would be spinning fire without a safety after being reminded not to do so.

- **Entering the event without invitation**. All participants, volunteers, Board Members, landowners, etc. gain entry to our events by purchasing tickets, or as a vendor under contract with FirePony Creative Society. Any other entry will be considered trespassing.
- **Destruction, using, or taking of property**. If it is not yours, leave it alone, unless you have the consent of the owner of the property. Consent may be implied where there is a clear intent to "gift" items, but if in doubt, verbal confirmation is encouraged. This section includes theft, deliberate destruction of property, and vandalism.
- **Incidents Occurring Previously, or Outside of FirePony Creative Society-sponsored Events**. The Board may consider the following in relation to the ability to participate in future events: patterns of behavior (including stalking or harassment), history of prior misconduct, alleged criminal acts, or violations of these policies (or similar policies at other events), and criminal charges or protective orders that have been filed against the participant when they come to our attention.
- The most severe penalty our community can impose on a participant for such behavior is **ejection from the event or a suspension from participation** in one or more future FirePony Creative Society-sponsored events (such as Playa del Fuego and Constellation). Other actions, such as a warning or a removal from volunteering in a safety-sensitive volunteer position, are also possible. (Obviously, the legal system may impose other sanctions for some actions.)

Nothing herein is intended to or shall waive the right of the Board of Directors of FirePony Creative Society to restrict the access to FirePony Creative Society events of an individual or entity as it may determine, in its sole discretion, is warranted.

Updated and Adopted: April 2018

## DO YOU KNOW WHERE YOUR TOWEL IS?

Lessons in Really Radical Self-Reliance

Constellation is an exercise in radical self-reliance. Bring everything you will need. Gifts are a wonderful expression of community, but you must take responsibility for your own survival and well-being. Do not show up expecting the community to take care of you. We have dedicated volunteers at first aid, but they are an emergency resource only. Don't rely on them for basic stuff. Prepare now so you can relax later!

### MUST HAVE

- Bedding and shelter of some type (tents/sleeping bags, pillows)
- Three gallons of water per person per day for drinking, dishwashing, food prep, etc. Keep a water bottle with you (try a reusable one!)
- Enough food and beverages for your entire group for the length of your stay
- All required prescriptions and toiletries, etc.
- First aid kit
- Clothes for warm, cold, wet, and dry conditions
- Single-ply toilet paper
- Garbage bags
- Can or bottle opener
- Portable ashtrays if you smoke (try mint tins)
- Headlamps or flashlights
- Fresh batteries
- Sunscreen and sunglasses
- Sturdy closed-toe footwear
- A cup for beverages. Many camps serve drinks, but you must have your own cup
- Your ID if you plan to drink alcohol
- Anything else you can't live without (insurance card!)

### NICE TO HAVE

- Shade structures, umbrellas, rain gear, other things to keep you dry if it rains
- Rebar to keep your structures on the ground
- Coolers for perishable food and drinks
- Cooking stove
- Earplugs; not everyone will sleep when you do
- Sleep eyemask; see above
- Watertight protective bags like heavy Ziplocs for cameras, electronic gear, etc.
- Baby wipes/handy wipes
- Rope, string, paracord, duct tape, zip ties
- Fuel for stoves, generators, mutant vehicles, etc.
- Sun hat
- Seating, because you can't dance forever
- Simple tool kit and a sewing kit
- Abundant amounts of whatever makes your life better: beer, bacon, chocolate, coffee, etc.
- Blinky lights, toys, magical fabulousness, handmade, heartfelt, and swell stuff; to share; anything you think would make things more fun for you and your fellow Constellationites

## DON'T PANIC RANGERS ARE HERE TO HELP

Rangers are not cops or your mom, but they help ensure that everyone's having the best burn possible. Rangers do their thing via the FLAME method: Find Out, Listen, Analyze, Mediate, Explain. You don't need to be a Ranger to do this yourself! If something or someone is bothering you, try to talk to that person calmly and work it out. If something doesn't seem right, ask about it; Find Out what's going on. You may discover it's not really a problem. Or you discover that it is, you can make a request for change or explain some of our community guidelines.

If something is more intense or complicated than a minor disagreement, or if you need help from an outside resource, find a Ranger (look for folks with walkie talkies). If you don't see one nearby, head over to Center Camp and find Ranger Headquarters (behind Participation Station) and the Ranger Base Radio. There are instructions posted near the radio on how to turn it on and call for an available Ranger to meet you at Participation Station. We are ready and waiting to help you have an awesome Constellation!

Questions? Direct them to Ranger HQ.

## RULES & POLICIES

Breaking rules has consequences. These may include being ejected from the event and/or being unable to attend future events. See [constellationburn.org](http://constellationburn.org) for the complete, up-to-date list of rules and policies.

### Illegal Activity

Please abide by all relevant local, state, and federal laws. Constellation does not condone ANY illegal activity and will cooperate with all local, county, state, and federal officials.

### Drinking and Driving

Any ticket holder found driving while intoxicated/under the influence may be banned from the event for no less than one year and possibly for life. The BOD reserves the right to ban participants suspected of altered driving based on concerns raised by members of the community. A motorized vehicle is defined as a non-human powered vehicle and includes cars, RVs, buses, art cars, tractors, go-karts, golf carts, scooters, and similar devices.

### IN & OUT

#### Wristbands

Everyone is required to wear wristbands. Anyone found without a wristband will be ejected. Replacements can be acquired at the Front gate during ticketing hours. If someone asks to see your wristband, please show it. Gate crashers will be ejected.

#### Scalped and Counterfeit Tickets

Scalped and counterfeit tickets violate core principles of our event and are not tolerated. These tickets are void and will not be accepted for admittance or exchanged for a wristband. Wristbands obtained with scalped or counterfeit tickets or in any other nefarious manner will be voided and the wearer ejected.

#### Early Entry

Early entry (before noon Thursday) is available for those helping with city setup, and for artist who require additional time to build their art. Everyone entering early must be pre-registered to do so. Early entry coordinators will manage the list of volunteers and help direct setup on site. Early volunteers must agree to follow the direction of the early entry coordinator and/or departmental coordinators.

#### Re-Entry

Driving in-and-out is strongly discouraged during the event. In-and-out passes are \$20 each, and

can be purchased at [constellationburn.org](http://constellationburn.org) for pickup at Camp Recharge (you can purchase passes onsite at this location too).

### Offloading and Parking

Do not park in roadways or paths. Once you unload gear and park, your vehicle must stay where it is parked until you leave the event.

### On-Site Parking Passes

On-site vehicle passes are available on a first-come, first-serve basis, determined via pre-registration with the parking coordinator. These passes must be displayed at all times. Only vehicles such as RVs, vans, trucks (with caps), and campers are permitted to be parked on-site for sleeping. Sleeping in your car in the parking lot is strictly prohibited.

### Off-Limit Areas

There are several areas at Pegasus campground that are off-limits, most notably the owner's home. Other off-limits areas exist and will be marked. If there is a question about a particular area, contact a ranger for clarification. In general, use good judgment. If you disrespect off-limit areas, Constellation is not responsible for what happens to you. At a minimum, you will be forced to leave.

### SOUND POLICY

This sound policy was created to ensure the greatest amount of creative freedom while maintaining happy neighbors inside and outside the event and also creating a collaboratively supportive event environment. See the full language at [constellationburn.org](http://constellationburn.org)

- Amplified sound shall be permitted between the hours of 10:00 am and 2:00 am.
- From 2:00 – 10:00 a.m., all subwoofers (any device capable of emitting sound below 100 HZ) shall be turned off and the sound shall be no louder than 70 db at a distance of 50' from the source of the sound, or at the property line if said property line is closer than 50' to the source.
- All Sound Camps agree to have a representative who will meet with at least one representative

from the Theme Camp Placement, City Planning and Sound Departments prior to the event (generally during pre-event construction) to determine and set appropriate sound levels for their camp as well as the direction of their speaker setup, and each day during the event to review any issues from the night before if required. These meetings will be determined on-site by the participating parties.

- All camps will adhere to the sound levels so-established, with violators being subject to being shut down for the duration of the event.
- Constellation recommends the use of limiters or similar equipment to help manage Sound Camp sound levels. We also encourage the use of personal decibel meters for Sound Camps to random sample their own sound levels. No two camps are guaranteed the same levels for their sound; comparisons should not be drawn from camp to camp.

### PHOTOGRAPHY + VIDEO

Individuals retain legal rights to the use of their images, and the use of any media for commercial purposes is strictly forbidden without the express written permission of Playa del Fuego, Inc. and any subjects of the photographs and video. Contact the BOD for more information.

- Photographers may not photograph anyone who requests not to be photographed, and must destroy any existing images at the subject's request, even if prior consent had been granted.

**HEY GRUMPUS**

### ARE YOU DEHYDRATED?

*Feeling uncharacteristically cranky*

*Rapid or sudden weight loss*

*Increased thirst and dry mouth*

*Stopped sweating*

*Weakness or lightheadedness (worse on standing)*

*Dark urine or a decrease in urination*

**DRINK ENOUGH WATER TO PISS CLEAR  
IF SYMPTOMS ARE SEVERE, SEE MEDICAL**

*brought to you by the pan-galactic ad council*

### THE INTERNET IS FOREVER

**You think it's all fun and games now, but THINK... a careless social media post could jeopardize a career, make a messy divorce messier, OR WHO KNOWS WHAT ELSE.**

**Never post photos of other people to social media without permission.**

**BE THOUGHTFUL.  
GET CONSENT BEFORE YOU POST.**

*brought to you by the pan-galactic ad council*

- It is prohibited to take pictures in a camp or of a person that has posted a "No Photos" sign, or at an event where a "no photos" policy has been announced.
- We expect photographers to be open about their activities. If someone is seen trying to hide that they are taking pictures, malicious intent may be assumed.
- Photographers: obtain permission to take pictures of individuals. This permission would ideally be obtained beforehand. However, if a great candid shot presents itself, a digital photographer may choose to "shoot first," and ask permission afterwards. He/she is still obligated to erase the picture if the subject does not approve.
- A photographer may take a picture of groups of people, or of artwork with people nearby, in a public area that has no specific prohibition against it, without asking permission of all the people that incidentally appear in the shot. However, it is expected that the photographer will exercise judgment about the content of their photographs, and will obtain consent whenever practical.
- If a photographer is perceived to be violating these rules, guidelines, or the community trust, they may be confronted by any member of the community. If the problem cannot be resolved, ask a Ranger to help mediate. Anyone violating Constellation rules or interfering with other's safety and enjoyment of the event may be evicted. Despite the Constellation photography policy, Constellation cannot be held responsible if a photo of you appears in public.

### MINORS & CHILDREN

For the protection of minor children (anyone under age 18) and in accordance with WV law, any minor attending this event must be accompanied by someone with legal authority to make decisions for the minor or child.

- You are responsible for the care, supervision, and well-being of the minor AT ALL TIMES. The accompanying guardian must have signed an event waiver of liability for the minor (see website for details).
- There may be activities that are not suitable for children or behavior that you may not wish your children to see. Do not expect anyone to censor their behavior because children are present.
- Inability to care for the minors you bring to the event can result in ejection. Unacceptable behavior of a minor under your supervision (examples: underage drinking, vandalism, theft) can also result in ejection.
- For legal and safety reasons, minors may not ranger nor be responsible for checking IDs at gate. Coordinators/shift leads have the right to remove unsupervised minors from tasks or shifts at their discretion.

### FIRE & POWER

#### Fireworks

Do not bring fireworks. As part of our event stipulations with landowner the use of ANY pyrotechnics that are not part of a pre-registered and approved art project is forbidden and may result in steep fines, arrest, and possible ejection from the event.

#### Fire Lanterns

Fire lanterns (aka Chinese fire lanterns or sky lanterns) are prohibited. They are flying, flaming MOOP whose trajectory can't be controlled or predicted.

### FIRST AID IS HERE TO HELP

Sometimes people get banged up, or sick, or dehydrated, and it's too much for Radical Self-Reliance or Civic Responsibility to handle. That's where First Aid comes in. First Aid is equipped to handle minor injuries and can also provide more advanced care when necessary, but is NOT responsible for providing more serious medical treatment. One volunteer on every shift must have a current CPR certification. Training in both CPR and First Aid is preferred.

**Want to volunteer at First Aid? Come by Participation Station.**

## Fire Performance

All fire is prohibited inside or under any of the structures, including fire performance (like fire spinning and breathing, etc.) as well as burn barrels and LP effects. Fire performances are to be done with a "safety"; in a clearing, away from personal property and other people. No more than two performers for any one Safety, minimum. No fire performances under any overhead wires. Props are to be spun off away from others or their property. In all cases, fuel dumps should be secured and away from all open flames. Fire performers who want to perform with Conclave during Burn should contact Conclave before the event, or sign up at Participation Station before 1pm on Friday.

## Open Flame

No fire barrels or open fire shall be left unattended. This includes candles, torches or any open flame. At least one camp member must be within visual distance at all times. If found unattended while lit, open flames may be extinguished if there is sufficient hazard; extinguish open fire at the request of any Ranger or FRT personnel. Burn barrels shall be secure and constructed in a way that the bottom surface is at least 6" from the ground to prevent damage to the ground.

## Firewood

Firewood is provided. Please do not bring your own. It is illegal to transport firewood (including brush and driftwood) into and out of West Virginia; the state is under quarantine for invasive species.

On the entire event grounds, all liquid fuels such as gasoline and diesel that are stored in camp must be kept at least 30' away from any flame, ignition, or radiant heat. Any camps or installations housing fuels shall be required to keep an extinguisher and dousing water within reach of their fuel storage and assure safe operation of any fire within their camp/installation.

## Pressurized Gas Art/ Poofers

All Pressurized Gas Art installations are to be inspected before ignition. The Installation Artist shall assist the Fire Safety Team with checking all operational parts, placement and usage limitations of the installation piece. Once cleared ignition can begin. From transport onto the property until exodus, the Installation Artist shall retain all responsibility of the equipment, fuel, and operation of the Art.

## Burnable Art

If you plan on bringing art that you want to burn you must contact the Burning Art Coordinator in

advance for approval and coordination. There is no guarantee that your art will burn. Plan other creative ways to destroy your art (you must still pack out your MOOP). Don't ever throw toxic or dangerous things into any fire.

## Generators

Generators are a fire hazard and must be attended at all times when running, as well as boxed to minimize their polluting effects. If a generator must be used, it should be sited in such a way to minimize its effect on neighbors and the community.

## LEAVE NO TRACE (LNT)

LNT is an important but simple principle of our community. The goal is leave things in better condition than we found them and not leave problems for others to deal with. That means no ground burn scars, no trash (cigarette butts, poop, feathers, sofas, bacon grease, beer cans, glitter, or sequins) and no altering or destroying trees or existing structures.

## Porta Potties

*If it wasn't made by your body, don't put it in the potty.* Biowaste and one-ply toilet paper only. "Flushable" baby wipes, tampons, pads, food, beer bottles, etc. are MOOP. They clog the pottie and may result in our potties not getting emptied on schedule. Do not abandon your trash on the floor or bench of a potty. Pack it out with you. *Wash your hands, illness spreads fast!*

## Garbage

You must carry out your trash. Burn barrels are not trash cans and there are no public trash cans at this event. You are responsible for all the trash you create. Don't ask someone if they have a trash can. They don't.

## Ash Dump

Spent ashes must go in the ash dump. Ask a Ranger, DPW, or smartie-pants where it is. Extinguish your fires with enough time for them to cool during your pack out.

## Recycling

Like trash, you must pack out recycling. You can drop it off at one of the recycling centers in town or bring it home for your local pickup.

## Gray Water (spent water from washing, cooking, etc)

Do not dispose of any gray water within 100 feet of the stream or other surface water. **Do NOT put it in the portajohns!** All water should be completely strained to remove particulate matter (try a mesh colander). Strained, non greasy gray water can be

spread on the ground 100 feet or more from the stream or other surface water. There are sinks on-site for washing dishes, but remove grease and matter before using them to prevent clogs and harm to the system. For significant grey water, prepare an LNT plan to carry it out.

## Pools

Pools filled with liquid are only allowed in personal or theme camp areas. They can not be placed in communal areas. All gray water must be dealt with appropriately and in accordance to event policy. Do not dump it out on the ground. If you don't know where an appropriate spot is, it is YOUR responsibility to find out. All filled pools must be either attended by an adult or barricaded at all other times.

## ODDS 'N ENDS

### No Nudity Within Sight of Gate

If you can see the road or the "outside world" make sure you are covered.

### Vending/Gifting/Bartering/Theft

Vending of any kind is not allowed. This includes promotion of other events. Bartering is discouraged. Gifting is not to be confused with bartering. A gift is offered freely without expectation of an exchange. Taking something because you want it is still theft.

### Animals

Pets and other animals are prohibited, with the exception of service animals.

### Art Cars

Art cars are permitted on site but must be pre-registered! Direct questions to [cats@constellationburn.org](mailto:cats@constellationburn.org)

### Showers

There is a shower house at Pegasus Farm Campground that will be available for use by participants from 9am- 9pm. Keep it clean, and go easy on the hot water! Our event is inclusive to all genders and sexual orientations, and that includes the showers. Deal. If someone is making you uncomfortable in the showers, discuss it with them or ask a ranger for assistance. ☸

# ART GRANTS

*Constellation Art Team Support (CATS) is proud to administer and offer art grants to help you fulfill your creative visions and contribute to creating these community building experiences. Anyone can apply for an art grant; you don't have to be a professional or even consider yourself an artist. We invite you to create something awesome! See [constellationburn.org](http://constellationburn.org) for the deets.*

**BARRON SATURDAY'S PARLOR** by Short Fuse  
The parlor will have a traveling carnival meets Himalayan tea house feel to it. The space will serve two primary purposes; first and foremost it will be a tribute to the power of love and memory in the face of great loss and provide participants with a therapeutic way to reach out to lost loved ones. The second is that it would create a tranquil, sacred space where, much like at the temple, visitors could meditate and commune with spirit. Adding tea and tarot readings at the shrine will encourage participants to stay present and welcome them to take the time to just be.

**CATASTROPHE!** by Hap  
Catastrophe! is dedicated to bringing art, entertainment, and chill to the burn. Our Octonest has been a welcoming and comfortable presence, and we look forward to returning it to Constellation.

**CATHARSIS MUTATING STAGE** by Ethos  
This project is to create a beautiful two-sided, UV-reactive mobile facade.

**CHARLIE THE PEACOCK** by Sco  
Our group is called Digital Mechanical Sculpture. Charlie the Peacock is an animatronic steel sculpture with lights on the feathers which are controlled wirelessly and interact with music. Our hope is to captivate viewers and welcome other event participants / artists to perform with the peacock.

**CONSTELLATION PRINTING FOR HOOLIGANS** by Lindzor  
I will be showing my fellow burners the technique of screen printing, and letting them do it themselves. It's BYOC (bring your own clothes) to print or I will have a supply fabric pieces to make their constellation patches with.

**CONSTERNATION CONSTELLATIONS/  
CAPSULES OF FUN**  
by Erica Anderson, Ethan Sapperstein, Jin Kay, Michael Palaschak  
Find one of the 5 capsule vending machines, come by and twist the lever to receive a constellation necklace, and then set out to find

your star twin or burner twin, or game twin (whatever, we don't judge). Stay tuned for additional treasure hunt opportunities on-site, too!

**DISKOS** by Josh Cox  
Diskos is a group puzzle where each participant gets a piece and must search out the pieces that match with theirs. As pieces are assembled, more and more of the underlying message will be revealed, and participants will have to decide how dedicated they are to pursuing the message together.

**DROPCITYFX** by Juice  
Lose yourself in a visual wonderland.

**FLAMING PICTURE FRAME** by Damon Hudac  
Human-sized rectangle that emits fire, so people can stand inside it and take pictures.

**HANGING ON A BALTIMORE STOOP** by Sherpa  
Art represents the means of sharing stories and personal perspectives. My current hometown of Baltimore has been my current home for the past few years, and it has always represented this city with a pulse. Part of that vibrant pulse involves stoop culture, where people will just hang out on stoops to chill with their neighbors, read the newspaper, and observe passers-by. I hope that participants will take the time out of their wanderings to sit a while on the stoop/bench installation, spend some quality time with their friends/strangers, and share a few stories of their own.

**HECATE'S MERCY** by Laura Rizzo  
Hecate's Mercy will be a large effigy of the crone goddess and she will hold a symbol of the harvest and pagan new year—a pumpkin. Participants will be able to spend time and leave notes in her cauldron/pumpkin and as she burns so will those things people have left with her.

**INCEPTION** by Viraj Ransing and Lorilei Williams  
Smoke! Projections!

**ISHEEP** by Jessie Newburn  
I'm bringing SheepStuff Camp, focused mostly on gifting warm wool items to chill and chilly

Burners. I've worked with Bardia Jaan, creator of iSheep, a Burning Man art honorarium project, to bring one of the sheep to Constellation. The iSheep are a consent-based interactivity art project.

**LAZY E'SCAPAD DRAGON** by PyroCelt  
Meet the Lazy e'Scaped Dragon, a small beastie (at least in dragon terms) with a big heart, a big head and more importantly, a big cushy cuddle puddle on its back. Come for a ride on this escaped carousel carriage and get sucked into its comfy cuddle nests which are tucked under wings to keep you shaded and dry. This carousel carriage escaped its mundane routine — going round and round the same old track, every day, every week, year in year out — but now it broke free: this little dragon is off to explore the wild countryside! . . . and you guessed it: every carousel carriage has that pole coming out of its top, and you too can dance on this one! Oh, and fire. Hehehehe, MuahaHAHA: FIRE!

**MAKE A WISH!** By CidKid  
Life is big. Feel small again as you gaze at nature from a bug's life. Under the night sky a field of dandelions glow in the darkness, bright white fluff swaying in the cool night breeze. Pick a dandelion, make a wish, and blow.

**PLAYATEL** by Rechner  
The telephone rings, it jingles our psyches, jangles our nerves. Playatel brings convenient wireline service home to the Playa. Make a call home to your theme camp from any of our conveniently located public payphones, or dial any of our special service numbers. Not your father's phone company.

**SOLAR CHARGE:TFC:RUMP US!**  
by Wendell Adkins  
SOLARCHARGE:TFC:RUMPUS! is designed to be an example of the many possibilities available to us when we explore the abundant resource of solar power and utilize green practices to create and enhance our artistic and architectural visions. So Activate Already!

**TUTUS MAKE PEOPLE HAPPY** by Jamilah Dalton  
A make your own tutu workshop. Participants will be given instructions and materials in order to make their own tutu.

**VORTEXI PROPANIS HYDRATUS** by Scho  
The universe is vast outside of comprehension, but we have learned many of its secrets. With this knowledge, I focus the power of lasers, water, diodes, and electrons to construct 2 pillars to stand in awe of creation.

**WORLD'S LARGEST MOOP NEST** by Mahseed  
Giant bird nest with comfy center. Contains large eggs and pillows to keep warm and peripheral cracked egg for moop collection. Will incorporate plastic bags and moop into the weaving. As the festival continues, the nest will transform into a moopy nest.

**TEMPLE CONSTELLATION 2018**  
by Infinity Gathered  
This design is inspired by the concept of the classic elements in balance. Each side equal and bathed in symbolic color. Which element do you align with most? Reflect, attune, ground, release.

**LYRA (EFFIGY)** by Infinity Gathered  
A large and beautiful Lyra for you and your friends to play with. Things really get exciting during the burn! ☼

For small creatures such as we,  
the vastness is bearable only through love.

# THEME CAMPS

*"It's not safe out here. It's wondrous, with treasures to satiate desires both subtle and gross; but it's not for the timid." — Q*

## BALLS CAMP

BALLS and MORE BALLS. Happy hour (Friday); Potluck (Saturday); Hanging Balls Art; And a chill space with a bar.

## CAMP BEEMORE

Camp Beemore is a Baltimore-based Burner me-nagerie of visionary mischief-makers, uninhibited booty-shakers, virtuoso world-creators, avant-garde awe-curators, fathomless dream-dreamers, unrelenting plan-schemers, earth-shattering music magicians, extraordinary experience technicians, rowdy blissful chaos agents, and trickster status quo reagents. Home is wherever we build our Hive, and we give our all to keep our vision alive. Our hands may be dirty but our spirits are free and we're shaping the kind of world where we want to be. A Bee is industrious, but never a martyr; we work feckin' hard but throw down even harder. We keep it buzzing non-stop (a Bee's work's never done) but the sweetness we all share is damn worth it, hon.

Whatever the reason, Sanctuary is a starting point for participants experiencing anxiety. We provide a calm, secluded place to relax and get back in a better state of mind with the help of our wonderful caring volunteers. We are here to help you get your groove back. ## CONSTELLATION COMMUNITY PRINCIPLES

### SELF-EXPRESSION

Our events foster an environment of creative self-expression, where participants feel supported to honestly express their inner selves through artistic creation, performance, and in their social interactions.

### SELF-ORGANIZATION

Our events foster an environment of self-organization. The event is 100% volunteer run. No one gets comp tickets. Everyone is invited to play. Everyone is invited to work.

### ACCOUNTABILITY

Our events foster an environment of personal accountability, where we hold ourselves responsible for our own actions and take personal responsibility for meeting our own needs, for the event itself, and for the event's impact on the world at large.

### COOPERATION

Our events foster an environment of cooperation, where participants work together to resolve potential conflicts respectfully, to help mediate conflicts between others, and to create art, performance, and social space on a larger scale than one person could alone. Additionally, participants seek to keep events sustainable by volunteering, cleaning up after themselves, and assuming personal responsibility for conducting themselves in accordance with local, state, and federal laws.

## RESPECT & CONSENT

*Constellation is an experiment in community, ad-hocracy, and do-ocracy. Respect is fundamental to this community. Please respect yourself, other participants, and our hosts. Participants can be held liable for endangering or injuring other participants or their property. Please plan all projects and activities accordingly and use common sense.*

**Self-Expression** and **Cooperation** require a social contract to make our event a safe place to play. These rules apply to everyone regardless of their gender or sexual orientation. Remember that not everyone wants your attention so be courteous and always ask for **consent**.

**What do we mean by consent?** Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon activity. The consent has to be ongoing throughout any encounter. While consent is generally spoken about in terms of sexual activity, it extends beyond this at Constellation. We apply the same guidelines to taking pictures of others, hugging, entering a camp's private space, etc. While we strive to make Constellation a safe place for everyone, assumptions can be made (sometimes from those who have never been to a Burn before) about what is acceptable and what is not. The following is Constellation's stance on consent and "best practices" for protecting yourself and others.

along with something, even if it was previously agreed on. If you change your mind you should speak up, and if someone else changes their mind you should act in accordance with that new boundary.

3. Before you assume someone wants your physical attentions, ASK. Being direct is OK. This includes anything from hugs, spankings, kissing, etc. Some people do not want to be touched, and that should be respected. Asking is expected protocol, and sexier than you might think. Not respecting these boundaries can be considered sexual assault, and will not be tolerated at the event.
  4. Respect the moment. Comfort levels vary at different times and with different people. Even if a person seems comfortable with one person touching them does not mean they are ok with everyone touching them.
  5. If you're not sure if what you're about to do is ok, either where you are, or who you are with, ask. Not everything is a good idea everywhere.
  6. Being under the influence is not an excuse for infringing on others boundaries. Consider your level of sobriety. Are you able to ask permission and respect others' boundaries? Consider the other person's level of sobriety. Are they able to give consent? TIP: You can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
1. NO always means NO. Only YES means YES. Get an enthusiastic YES before proceeding with anything that might infringe on someone else's boundaries. After someone has said NO, cajoling, pleading, or any form of emotional blackmail is UNACCEPTABLE.
  2. YES can turn into a NO at any time and that needs to be respected. You or the other person don't have to go

# THE 10 PRINCIPLES OF BURNING MAN

## RADICAL INCLUSION

Anyone may be a part of Burning Man. We welcome and respect the stranger.

No prerequisites exist for participation in our community.

## GIFTING

Burning Man is devoted to acts of gift giving.

The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

## DECOMMODIFICATION

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

## RADICAL SELF-RELIANCE

Burning Man encourages the individual to discover, exercise, and rely on his or her inner resources.

## RADICAL SELF-EXPRESSION

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

## COMMUNAL EFFORT

Our community values creative cooperation and collaboration. We strive to produce, promote, and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

## CIVIC RESPONSIBILITY

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state, and federal laws.

## LEAVING NO TRACE

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

## PARTICIPATION

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

## IMMEDIACY

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.
